Your Eweca Baths

- Eweca Freestanding Baths are made using two pieces of sanitary grade acrylic sheets
- Both the inner and outer acrylic skins are then reinforced using resin bonded fiberglass
- When the resin is cured it sets solid to give both acrylic skins an improved strength and rigidity
- They are both then coated with thermal sheet so that the water in the bath has a longer heat retention
- The inner and outer skins are then bonded together using a polyester based cast giving it a solid base

1500 x 760 x 580mm

Art is from life. Without sensitive observation and experience on life,
we can not understand the true meaning of life and also life can not rise up to a height of art.

There is no necessary to envy others. So long as you like, you may enjoy life of your own.
No matter where you are, you will have a comfort life if you feel comfort.

SM6810
1500 x 1500 x 600mm

1850 x 850 x 600mm

SM6813

1700 x 800 x 600mm
1600 x 800 x 600mm
1500 x 750 x 600mm

Joyousness is a feeling, and it edits in our hearts.
We need not to search for joyousness for once we choose to be happy, and we will be happy.

SM6815
1720 × 820 × 600mm
1800 × 750 × 600mm
1500 × 750 × 600mm

Only simple and natural feelings can give prominence to the inner value.
Do not consider what a complex success, or what a difficulty life,
following the principle of simple, our life will never be simple.

Let the world not feel isolation any more
Let everyone feel the life decorated with perfect fashion

"It is an obsession and an art.
Details matter. Finish is everything"

SM6823
1700 x 960 x 600mm

**A life without a romance and passion
will last long?**

A wisp of downy light, through the window, soft in the bath ark on the exterior
of white cast a shadow was slightly. Pure space feeling. In this moment enters
into your soul. Originally, the life is so beautiful!

1700 x 800 x 600mm
1500 x 750 x 600mm

SM6827
1700 x 1100 x 550mm

How to care for your Bath

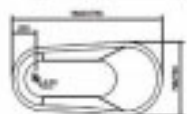

- It is recommended each time you use your bath, to cover the base of the bath with cold water before turning on the hot tap.
- For everyday cleaning we recommend using a soft damp cloth or just warm soapy water.
- You should never use abrasive cleaners on your bath. They will scratch the surface of the acrylic, which will affect the appearance of the glossy look.
- If you do scratch your bath, we recommend using an enamel cleaning agent or car polish(CT out), this will help to restore your bath back to a lustre finish.
- Replace worn washers on dripping taps to prevent surface marking.
- Warning-Solvents such as paint stripper or nail varnish remover will damage the bath.
